

MOVING & HANDLING AWARENESS DAY

11th
June

Supporters:

CRISS CROSS

MOVING AND HANDLING DEVICES

ACROSS

2. Used when lifting safely can't be done by hand
4. Sitting where most furniture wouldn't survive
5. Where pressure meets protection
6. When friction is the enemy
8. Alerts others to a possible incident
9. Supports assisted standing during transfers
10. Provides comfort, posture and supported positioning

DOWN

1. When the bathroom comes to you
3. The supportive link between person and lifting equipment
4. Movement made easier without leaving the bed
7. Mobility support when walking isn't possible or practical
